William (Bill) Sharp, retired faculty member of the University of Lethbridge biology department, concentrates on exploring a life-long passion for photographing flora and fauna. Capturing photos of rare, common, and unusual native flora of the Northwestern Great Plains has him hiking in Alberta's natural reserve areas, among captivating vistas. A few are presented in this calendar, *Alberta Views*.

Bill has served on many local and provincial committees and nature-related organizations, often in executive positions. A mild-mannered, steady steward of Alberta's land, Bill sees a need to protect ecosystems. Bill's wildflower photographs have been employed in many report publications. A flora image overview is presented in another calendar, *Alberta Wildflowers*.
